Visbridge ABS Plastic Display Figures Catalogue

Smooth Design, Perfect Display

# Visbridge – Brand Story

Since 2005, Visbridge has been dedicated to the art of mannequin design and manufacturing.

Starting with fiberglass mannequins, we expand to PU fabric covered torsos, and later partnered with Mingguang Chengmei Mannequins to invest in a full-scale blow-molding production line.

Through continuous innovation, Visbridge has become one of the leading manufacturers in the mannequin industry, known for quality craftsmanship and thoughtful design.
